INDEPENDENT RESOURCE NOTICE

This workbook is an independently created educational resource. It is not affiliated with or endorsed by any third-party publisher, brand, curriculum, or educational organization.

For the grown-ups who make practice feel like play

Thank you for celebrating careful effort, curious questions, and every brave first mark. Children develop handwriting and early reading skills at different rates.

DEDICATION

For little learners with big ideas.

May every line lead to confidence.

LEARNING PATH		
PENCIL CONTROL - LETTERS - WORDS - MATH		

Welcome, Grown-Ups!

Short practice. Warm encouragement. Real progress.

Use one or two pages a day for about 10–15 minutes. Begin with pencil-control pages. Then move from uppercase to lowercase, sight words, numbers, sentences, and early math.

1

READY

Sit comfortably and place the page on a stable surface.

2

GRIP

Use a short pencil or crayon with a relaxed three-finger grip.

3

TRACE

Start at the top and follow each dotted model slowly.

4

COPY

Copy the model on the guided handwriting line.

5

WRITE

Try the blank line when the child feels ready.

6

CHEER

Praise effort and careful movement, not perfect results.

READINESS NOTE

Use tracing first. Gradually introduce independent writing and reading activities when your child is ready.

Learning Goals & Skill Levels

AGES 3–4

Pencil control, tracing, matching, and letter recognition.

AGES 4–5

Copying letters and numbers, simple sight-word practice, and counting.

PRE-K / K

Independent writing, sentence practice, and early math.
